

Greenergy, three times awarded as an Employer Branding Company by Choose My Company

- The company has received HappyIndexatWork, ImpactESG and HappyTrainees certifications
- Greenergy also has Great Place to Work certification for being one of the best workplaces in the world for its culture of trust and its ability to attract and keep talent.

Madrid, October 31st 2023.- Greenergy has been recognized as an employer branding company and for its commitment to the professional development of its workforce by Choose My Company, a company specialized in the evaluation and certification of the ESG performance of organizations.

The company has been given three certifications to Greenergy. The company has been recognized with HappyIndexAtWork, for its involvement in motivating its employees; ImpactESG, for the recognition given by its staff to the company's social and environmental practices; and HappyTrainees, for its wide range of internship programs.

Choose My Company has positively valued Greenergy's commitment to the workforce and the different activities implemented to ensure equal opportunities, foster professional development, and promote a culture of safety and health.

The triple certification received from Choose My Company is in conjunction with Great Place to Work certification, which recognizes Greenergy as one of the best employers in the world for its culture of trust and its ability to attract and retain talent.

"We are very proud of this new recognition for our ability to attract the best talent and, in addition, to keep it, while highlighting our strength as an employer brand," stated Luis Rivas, Director of Human Resources and Digital & Innovation (IT).

Greenergy promotes a collaborative environment and a healthy workplace environment for its employees. For this reason, the company provides access to healthy food and supports various sports initiatives. Also, Greenergy develops specific training itineraries, events that promote networking and meetings to promote internal knowledge.

About Greenergy Renovables

Greenergy Renovables is a Spanish company created in 2007, an independent producer of energy from renewable sources, mainly photovoltaic, wind and storage, listed on the Spanish stock exchange since 2015. Its business model covers all project phases, from development, through construction and financial structuring to plant operation and maintenance. The company has a global platform of more than 15 GW in various stages of development in the eleven countries where it operates in the European (Spain, Italy, Germany, Poland and the United Kingdom), North American (United States) and Latin American (Chile, Peru, Mexico, Argentina and Colombia) markets.
